STATEMENT OF WORK

25X1A

System 1 Test Set Modification

The Contractor proposes to furnish the professional and technical personnel and other categories of labor required and the equipment, materials and facilities necessary to accomplish the following:

1. Perform the engineering necessary to design a blower installation for the System 1 Test Set and add a shunt to the Test Set power meter.
2. Fabricate twelve (12) Retrofit Kits for field modification to install a blower installation and add a shunt to the power meter on System 1 Test Sets already delivered under Contract A 101.
3. Install the blower installation designed under Item 1 and add a shunt to the power meter in the five (5) Test Sets proposed for SAC.
